The sergeant moreover testified that he sent an officer (who was present) to the premises of the suspected party in the morning, who arrested her, and that she was held by a Police Justice in \$1,000 ball to answer.

Advantage of the case of the case of the facts in the case.

Michael Finn, of No. 93 Stanton street, made a complaint against officer Michael P. Delahunty, of the Fenth precinct, for having, as he alleged, struck him with his fist in his own room on the evening of the 11th of January. According to his testimony he came home about nice o'clock in the evening and found the door of his room locked, and did not gain admittance until he had knocked three times. When the door was opened Delahunty came out, and on entering Finn met his wife coming out of her bedroom, and as she saw him she exclaimed, "Why, you look as if something wrong had been going on here. If I was only sure about it I would tell Delahunty about it." The next evening Finn alleges that he entered his room and found the officer sitting there, who rose up and told him that if he'd come out on the side-walk he'd cut him to pieces, and then struck him a violent blow on the head with his fist.

Finn closed his side of the case by saying that "you might give the headquarters to her and she would not testify against that man."

Mrs. Pinn testified that Delahunty was her brother-inlaw, and that her husband heat her, and, in consequence, the former threatened to "whip" him if he did it again. At the time specified by Finn Delahunty did not raise a hand to him. As for the door being locked, that was the fault of a defective latch.

Israel W. Littell, who keeps an unlicemed liquor store at No. 93 Market street, charged effect John Wild, of the Seventh precinct, with having entered his establishment and ordered him tunder arrest m an unbecoming manner, tailing him that "he (the officer) had influence in that ward, and if he got down on him (Littell) he had better be suck abed."

The effect proved—and his testimony in respect to the character of the place was corroborated by his sergeant—that Littell actail hishment was the wom it is one that

AUCTION SALE OF COAL.—About thirty thousand toms of fresh mined Screnton coal, from the Lackswanna region, were sold at auction yesterday at the salesroom of the Delaware, Lackswanna and Western Railroad Company, No. 26 Exchange place. There was a large attendance of persons interested in the coal trade, and the bidding was extremely active and animated. The following were the prices realized for the coal:—6,000 tons of lump, \$4 to \$4 20; 4,000 tons of steamship, \$5 35 to \$5 55; 5,000 tons of grate coal, \$5 75 to \$6 15; 5,000 tons of grate coal, \$5 75 to \$6 15; 5,000 tons of grate coal, \$5 7,000 tons of steamship, \$5 35 to \$5 37,000 tons of steamship, \$5 35 to \$5 37,000 tons of steamship, \$5 to \$6 10; 5,000 tons of steamship, \$5 to \$6 10; 5,000 tons of chestnat coal \$4 50 to \$4 70. These prices show an improvement upon those obtained at the beginning of the present month of about fifty cents per ten on the lower, and of about twenty. Two cents on the higher qualities of coal, though they are about \$2 per ton less than those realized at the same period last year. No reason can be assigned for the present increased rates of coal, except it be that the prices for the past few months have been unusually low, and the market is now recovering its tone.
